

Subject: Declaration of Compliance for REACH

Issue Date: 03.11.2010
Revision Date: 23.12.2020
Revision No: 26
Valid until replaced

STATEMENT

ADVANITE™ is the trade name of SASA polymer products. Below declaration is valid for all ADVANITE™ polyester polymer products.

SASA polyester polymer chips products are in compliance with EU regulation 1907/2006 on REACH.

SASA is well aware of REACH, which is the regulation for Registration, Evaluation, Authorization and Restriction of Chemicals manufactured or imported into EU. It entered into force on 1st June 2007.

SASA is a non-EU company, which does not have any obligation under REACH regulation. However, SASA has already assigned Reach Global Services SA, located in Belgium, as the only representative to progress the obligations of our importers under REACH regulation. Details of the Only Representative:

Reach Global Services SA
Rond Point Schuman, 6 Box 5
B-1040 Bruxelles / Belgium

OR Contact Person Data:
Pinar ÖZGÜN YAVAŞ
E-mail: pinar@reach-gs.eu

All polymers are exempt from REACH. However, ingredients of a polymer may be subject to registration if some identified conditions are met. All ingredients of SASA polyester polymers, including the monomers, which are not exempt from REACH, have already been pre-registered by Only Representative of SASA.

For standard SASA polyethylene terephthalate polymer, the monomers which require registration are dimethyl terephthalate and ethylene glycol. For other specific SASA polyester polymers, some additional ingredients may require registration.

For standard SASA polybutylene terephthalate polymer, the monomers which require registration are dimethyl terephthalate and butanediol. For other specific SASA polyester polymers, some additional ingredients may require registration.

SASA has completed the registration process for the monomer, dimethyl terephthalate, which is produced in house. SASA supplies all other necessary ingredients, including the other monomers, dimethyl naphthalene, ethylene glycol and butanediol, as registered from the suppliers.

Revision No: 26

Valid until replaced

Therefore, there is and will be no restriction for import of SASA polyester polymer chips products into the EU.

<u>Substance name</u>	<u>CAS Nr</u>	<u>EINECS Number</u>	<u>Registration Nr</u>	<u>Tonnage band</u>
Dimethyl terephthalate	120-61-6	204-411-8	01-2119472299-26-0005	>1000tonnes/year

SASA polyester polymers do not contain any monomer and ingredient which is listed as Substances of Very High Concern (SVHC) in latest updated candidate list of 25 June 2020 according to Article 57 of REACH regulation. Therefore, the product is free of SVHC.

In case of further questions, please do not hesitate to contact us.
