We hereby confirm that during the manufacturing process of SASA Polyester Staple Fiber products, the chemicals listed on Annex I, Annex III and Annex IV of POP Regulation - Persistent Organic Pollutants - with the EU regulation no. 850/2004 are not intentionally added.

Although the presence of such substances are not reasonably expected, trace levels originating from impurities in raw materials or degradation reactions cannot be excluded.

We provide this information to the best of our knowledge and based on our current composition and information provided by the suppliers.

In case of any further questions, please do not hesitate to ask.

Best regards,
