### STATEMENT

We hereby declare that Sasa polymer chips products are in compliance with Standard DIN EN 71-3 Safety of Toys – Part 3: Migration of certain elements.

These substances, if any, may only be present as adventitious trace impurities (not intentionally added to the products); and we do not analyze the products for these substances.

We are also glad to give you the information that our products are ecologically tested and certified by our Oeko Tex Standard 100 certificate. Our products fulfil the most restricted category's limitations (Class 1 for babies).

In case of further questions, do not hesitate to contact me

Yours sincerely,
